

As you prepare your grant applications, remember that our center has trained and qualified staff to assist you with your evaluation and technical assistance needs.

We can provide evaluation services for:

- Evaluation plan design
- Process and outcome evaluation
- Onsite consultation and reporting

We can provide technical assistance services for:

- Community assessments
- Onsite consultation and training
- Materials and resources

In-kind match funding is available for many services.

Call the IPRC at 800-346-3077 to inquire about fees and additional services or complete a **“Request for Services Form”** on our website at www.drugs.indiana.edu/servicerequest

The Indiana Prevention Resource Center currently provides these services for SPF-SIG, Drug Free Communities, and Department of Education grantees.
